Wednesday 23 July 2025
8:00AM to 5:00PM

Gold Coast Convention and
Exhibition Centre

\$750 Registration Fee

Loic Dejardin &
Brian Beale

*Registration is open to Surgery Members, Residents and Specialists

Robots, Cameras and Interlocking nails.

From cutting edge technology and hardware to tips and tricks for arthroscopy and interlocking nails. Two powerhouse speakers Loic Dejardin and Brian Beale, share their orthopaedic wisdom. From application to revision surgery, we even touch on those complications that keep you up at night. Includes demo application of an interlocking nail for distal femoral osteotomy along with access to I-LOC kits from Knight Benedikt. Once the day is finished, let your hair down, join us for an ice cold beverage or two at our Knight Benedikt sponsored event.
